IDS SUBMISSION

This correspondence is being submitted with four Information Disclosure Statement forms pursuant to 37 C.F.R. § 1.97. Four forms are being submitted simultaneously because one single form did not provide sufficient itemization, i.e., numbering, to list all of references. However, it is Applicants' intention that all four forms be considered together for purposes of calculating an appropriate fee.

Foreign Patent Documents

One of the IDS forms includes a series of foreign patent documents that are itemized 1-19. For each of the foreign patent documents and publications a copy is being submitted herewith. With respect to each of items 1-9, each of which includes non-English language information, in lieu of a concise explanation of the relevance of the document, an English-language abstract is provided together with the publication. With respect to item 10 (NO20042749), in lieu of a concise explanation of the relevance of the document, an English-language version of the reference is provided in item 19 (WO2004097680).

Non-patent Literature Documents

One of the IDS forms also discloses a series of documents (items 1-33) under the section titled “Non-Patent Literature Documents.” With respect to each of items 1-33 a copy of the document is submitted herewith. Items 11, 16, 18, and 19 include non-English language information; however, in lieu of a concise explanation of each reference’s relevance, an English language translation of an office action by the Japan Patent Office is submitted herewith (see item 33).

Respectfully submitted,

/ANDREW D. O’BRIEN/
